

## Special Communication to all Cumberland Cove Property Owners

**News Flash (8-12-2008): The Cove Water Project has been approved by the Crossville City Council during their meeting this evening!**

We the Cumberland Cove Water Committee wish to give special thanks to the incumbent POA Board members for their wholehearted support which enabled us to win the Cove Water project with Catoosa Water and the city of Crossville. Without the present POA Board's support the water project would not have been possible. Ted Hennis, our Board president, deserves special recognition for his tireless efforts and guidance through the legal and contractual phases of the project. When we needed support, Ted provided the leadership and was supported by our present Board members.

Last but certainly not least we wish to acknowledge all of you who were thinking of the common welfare of the Cove community and gave a positive vote for the Cove Water Project. You have given new life to the community and its prosperous future.  
Thanks again to all our members.

Chuck Gazlay  
Co-chairman, POA Water Committee
